## **PRODUCT LINES**

### **Aldetec, Inc.**

Specializing in high power linear, high power pulsed, low noise & medium RF amplifiers

[www.aldetec.com](http://www.aldetec.com)

### **Dynawave, Inc.**

RF and Microwave Adapters & Cables up to 60 GHz

[www.dynawave.com](http://www.dynawave.com)

### **Honeywell Solid State Electronics**

RF switches, attenuators, single chip radios & high temperature electronics modules

[www.mysoiservices.com](http://www.mysoiservices.com)

### **JQL Electronics**

Circulators, Isolators from 300 MHz to 27 GHz

[www.jqlelectronics.com](http://www.jqlelectronics.com)

### **Krytar**

Ultra broadband microwave components; i.e. directional couplers & detectors, 3 dB 90 & 180 degree hybrids, power dividers, detectors power meters for CW & swept power measurements

[www.krytar.com](http://www.krytar.com)

### **Printrex**

Thermal, gray scale and color, printers/plotters ranging in widths of 4" to 12"

[www.printrex.com](http://www.printrex.com)

### **Sage Laboratories, Inc.**

Diplexers, filters, combiners, wireline couplers, power dividers, upconverters, downconverters

[www.sagelabs.com](http://www.sagelabs.com)
